ENVIRONMENTAL POLICY STATEMENT

Global Bakery Solutions Ltd has progressed from re-furbishing bakery equipment to become a multi-million pound turnover company and one of the leading suppliers in the world of sophisticated handling and conveying systems for the baking and food related industries. Based in Nelson in the North of England, GBS Ltd not only manufacture the equipment, but also carry out all mechanical, electrical and software design in-house.

Global Bakery Solutions Limited is committed to minimising the environmental impact of the company's activities by constant improvement in environmental performance, and will seek to develop an ethos of environmental responsibility in all its employees. The board of Directors recognise that there is opportunity to protect its immediate environment and by exercising proper control over its activities, the Company will promote the use of sustainable resources and discourage wasteful or damaging practices. Accordingly, it is the policy of the company to:

- Comply with all relevant environmental legislation and take such additional environmental protection measures, as it considers necessary.
- Promote awareness and understanding of environmental issues amongst all employees and obtain their full co-operation in carrying out the Company's policy. Debate will be encouraged within the company on best practices and any issues of concern will be discussed and acted upon.
- Constantly improve the working environment of its employees.
- Manage and conserve energy and water efficiently.
- Reduce waste of natural resources, promote waste reduction and recycling, and through tendering and purchasing procedures, promote sustainable development.
- Regulate all waste production and disposal, and discourage litter, graffiti and noise pollution.
- Avoid the unnecessary use of hazardous materials and processes, and the taking of all reasonable steps to prevent damage where such materials are in essential use.
- Aim at eventual accreditation to a nationally or internationally recognised environmental management standard as a benchmark of good environmental practice.
